CAPABILITY STATEMENT

Capabilities Narrative

Power Connect is a self-performing underground telecommunications and utility construction contractor specializing in horizontal directional drilling, missile boring, conduit and fiber placement, fiber splicing, proofing, and site restoration. The company supports high-volume fiber-to-the-home and critical-infrastructure deployment with integrated crews, equipment, safety controls, and one-call compliance. Its turnkey bore-to-restoration model helps government agencies, network owners, and prime contractors accelerate schedules, reduce handoff risk, and maintain consistent field quality.

Company Information

Legal Name: Power Connect LLC

Established: May 2013

State of Incorporation: Florida

Business Type: Florida limited liability company; small business concern

UEI: CGEIPD9NNEC9

CAGE Code: 24NE9

Geographic Area Served:

Florida, South Carolina, and Wisconsin

Equipment and Crew

Capacity: 27 HDD rigs and 8 dedicated missile-bore crews

Government

Purchase Cards:
Accepted

Contact Information

Point of Contact: Ricky Marcellini, CEO and Owner

Email: ricky@powerconnectusa.com

Company Address: 4005 Hogshead Road, Apopka, Florida 32703

General Telephone: (407) 900-0620

TURNKEY UNDERGROUND FIBER CONSTRUCTION - BUILT FOR SCALE

NAICS - Primary	237130	Power and Communication Line and Related Structures Construction
NAICS	238910	Site Preparation Contractors – excavation, trenching, and grading
NAICS	238210	Electrical Contractors and Other Wiring Installation Contractors – fiber installation and splicing
NAICS	237110	Water and Sewer Line and Related Structures Construction – underground utility infrastructure
PSC	YIBG	Construction of Electronic and Communications Facilities
PSC	YINZ	Construction of Other Utilities
PSC	N060	Installation of Equipment – Fiber Optics Materials, Components, Assemblies, and Accessories

LICENSES, CERTIFICATIONS AND COMPLIANCE

- Florida Certified Underground Utility and Excavation Contractor – License No. CUC1226382
- Florida DBPR Financial Responsible Officer – Ricky Marcellini, License No. FRO16874
- FDOT Intermediate Traffic Control/MOT Certification
- CPR/AED Certified
- OSHA-aligned Safety and Trench Program
- MISS DIG 811 Registration
- Foreign LLC Qualifications: Michigan, Indiana, and Montana

CORE COMPETENCIES

- Horizontal Directional Drilling (HDD)
- Missile Boring and Trenchless Crossings
- Underground Conduit Installation
- Fiber-Optic Cable Placement and Pulling
- Fiber Splicing, Testing, and Proofing
- Fiber-to-the-Home Deployment
- Trenching, Excavation, and Utility Construction
- 811 Coordination, GPR Scanning, and Vacuum Excavation
- Hardscape, Landscape, and Right-of-Way Restoration
- Multi-Market Construction Mobilization

KEY DIFFERENTIATORS

- Turnkey bore-to-restoration delivery with core services self-performed
- 27 HDD rigs and 8 dedicated missile-bore crews
- Capacity to mobilize multiple crews and equipment across several markets simultaneously
- GPS- and timestamp-verified preconstruction documentation
- Integrated utility-damage prevention and one-call compliance
- In-house risk and claims management
- Multilingual field leadership in English, Portuguese, and Spanish
- Proven performance supporting multimillion-dollar FTTH deployments

CLIENT / PROJECT

TILLMAN FIBERCO / MASTEC – FTTH HUB BUILDS

Location: Palm Bay, Brevard County, and Port Orange, Florida

Period: January 2026–Present

Scope: HDD and structural bores, missile crossings, conduit and fiber placement, splicing, proofing, and restoration

Project Value: \$2,000,000

COMPORIUM / DITCHWORKS – FIBER EXPANSION

Location: Cherokee and Spartanburg Counties, South Carolina

Period: January 2025–Present

Scope: HDD and missile boring, conduit and fiber placement, splicing, restoration, and state one-call compliance

Project Value: \$10,000,000

GIGAPOWER / ITG COMMUNICATIONS – FTTH MARKET BUILDS

Location: Minnesota and Wisconsin

Period: April 2025–Present

Scope: Self-performed HDD, fiber placement, and restoration supporting multi-market FTTH expansion

Project Value: \$8,000,000

FORGED FIBER 37 / BLUESTREAK – FTTH MARKET BUILDS

Location: Charlotte County, Florida

Period: May 2025–Present

Scope: Self-performed HDD, fiber construction, placement, and restoration supporting Southwest Florida deployment

Project Value: \$5,000,000
